Who is Prathvi Botanicals?

- **Prathvi Botanicals Private Limited** is a professionally managed horticulture and landscaping company delivering integrated green solutions across the entire lifecycle of a project.
- From **plant production and nursery development** to **landscape design, plantation, garden maintenance and green infrastructure**, we provide end-to-end solutions tailored to corporate, institutional, residential, industrial and government requirements.

Our Focus:

- **Quality**
- **Sustainability**
- **Professional Execution**
- **Long-Term Green Development**

Prathvi Botanicals —
Creating Greener Spaces for a Better Tomorrow.

Message from the Managing Director

Mr. Manoj Shrivastava

Managing Director
Prathvi Botanicals Private Limited

- Mr. Manoj Shrivastava is an entrepreneur and management professional with a strong focus on **horticulture, landscaping, facility operations and green development**. His professional approach combines operational discipline with a vision for creating sustainable, well-managed and aesthetically enriching green spaces.
- At **Prathvi Botanicals**, he is driving the company towards becoming an integrated green-solutions organization, delivering **horticulture, landscaping, plantation, nursery, maintenance and green-infrastructure solutions** for corporate, institutional, residential, industrial and government clients.

Message from the Managing Director

- Our vision is to build a professionally managed organization that delivers **quality horticulture and landscaping solutions** with **responsibility, innovation and long-term value**.
- From a single plant to large-scale green infrastructure projects, our commitment remains the same—**quality in execution, care in maintenance and respect for nature**.
- We look forward to partnering with organizations, institutions and communities to create greener spaces and contribute towards a more sustainable future.

> *"At Prathvi Botanicals, we believe that greenery is not merely about beautification—it is about creating healthier, more sustainable and better living environments."*

"Together, let us build a Greener Tomorrow."

Mr. Preetam Singh Chaudhary
Director & Operations Head

Prathvi Botanicals Private Limited

Mr. Preetam Singh Chaudhary
Director & Operations Head
Prathvi Botanicals Private Limited

Mr. Preetam Singh Chaudhary is a **B.Sc. Agriculture** professional with **18 years of extensive experience in horticulture, floriculture, nursery development and landscaping project execution.** His experience covers the practical and operational aspects of developing and maintaining green spaces, from plant production and nursery management to large-scale landscaping and horticulture projects.

With a strong understanding of **plants, floriculture, nursery operations, landscaping and project development,** he brings valuable technical expertise and hands-on execution capabilities to Prathvi Botanicals. His approach focuses on quality, timely execution, professional manpower management and sustainable horticultural practices.

Message from the Director & Operations Head

"At Prathvi Botanicals, our belief is simple — every successful green project begins with quality plants, sound horticultural knowledge and professional execution."

Our focus is to understand every client's requirement and transform it into a **well-planned, professionally executed** and carefully maintained **green environment.** From nursery development and plantation to landscaping, horticulture maintenance and large-scale green projects, we strive for excellence at every stage.

We believe that **quality, commitment and care** are the foundations of **lasting green development.** Together with our clients and partners, we look forward to creating greener, healthier and more sustainable spaces for the future.

"We don't just develop landscapes, we nurture them for generations."

CSR & SUSTAINABILITY PROJECTS

09 GREEN CSR

TURN CORPORATE CSR INTO A LASTING GREEN LEGACY

Prathvi Botanicals works with corporates to conceptualize, execute and maintain visible, measurable and community-oriented environmental CSR projects.

Our CSR programs can be designed as one-time campaigns or multi-year sustainability partnerships.

CSR PROJECT AREAS

A. TREE PLANTATION DRIVES

"Plant Today. Protect Tomorrow."

Prathvi can organize complete plantation campaigns for:

- Corporate campuses
- Industrial areas
- Roadsides
- Villages
- Schools
- Parks
- Government land
- Green belts
- Community areas

We Can Provide

- ✓ Site assessment
- ✓ Plantation planning
- ✓ Native & suitable species selection
- ✓ Plants / saplings
- ✓ Pit preparation
- ✓ Manure & soil conditioning
- ✓ Plantation
- ✓ Tree guards
- ✓ Watering arrangements
- ✓ Geo-tagging / plantation records
- ✓ Survival monitoring
- ✓ Maintenance & replacement

Indicative: ₹250 – ₹2,500+ per tree

Depends on species, plant size, tree guard, pit preparation, transportation and maintenance.

10 PARK ADOPTION PROGRAM

"ADOPT A PARK. CREATE A COMMUNITY ASSET."

Corporates can adopt a public/community park under their CSR or sustainability initiatives.

Prathvi Can Develop & Maintain

- Tree plantation
- Lawn development
- Flower beds
- Hedges
- Decorative plants
- Pathway greenery
- Irrigation
- Green seating areas
- Waste-management support
- Landscape beautification
- Biodiversity zones

Corporate Recognition

Project signage can communicate the organization's CSR / sustainability contribution, subject to permissions.

Pricing: Customized project / annual maintenance model.

11 GREEN BELT DEVELOPMENT

INDUSTRIAL & COMMUNITY GREEN BELTS

Development and restoration of green belts around:

- Factories
- Industrial units
- Roads
- Warehouses
- Corporate campuses
- Residential developments
- Government facilities

Services

- ✓ Soil preparation
- ✓ Plantation
- ✓ Native trees & shrubs
- ✓ Hedge development
- ✓ Lawn / ground cover
- ✓ Irrigation
- ✓ Tree guards
- ✓ Mulching
- ✓ Maintenance
- ✓ Survival monitoring

Pricing: Project-based / per sq. ft. / per plantation unit.

12 GOVERNMENT SCHOOL GREENING

"A GREENER SCHOOL FOR A BETTER FUTURE"

Corporate CSR can transform Government Schools into attractive, healthy and environmentally conscious learning spaces.

School Development Can Include

- School entrance beautification
- Tree plantation
- Flower gardens
- Herbal gardens
- Kitchen / vegetable gardens
- Classroom & corridor plants
- Green walls
- Boundary-wall greenery
- Shade trees
- Water-efficient irrigation
- Waste & composting awareness areas

Optional Educational Program

"My School – My Garden"

Students can participate in:

- Tree plantation
- Gardening
- Composting
- Seed sowing
- Plant-care activities
- Environment awareness

This creates a living classroom for environmental education.

Prathvi BOTANICALS PRIVATE LIMITED
Rooted in Nature, Crafted for You

13 VILLAGE GREENING & DEVELOPMENT

"GREEN VILLAGE • HEALTHY COMMUNITY"

Prathvi can partner with corporates to undertake comprehensive village-level environmental CSR initiatives.

Possible Activities

- Village plantation
- Roadside green belts
- School gardens
- Community park development
- Pond beautification
- Herbal gardens
- Fruit plantations
- Community flowering areas
- Composting & waste awareness
- Tree-care & survival programs

Long-Term Model

Adopt → Develop → Maintain → Monitor → Measure → Report

14 POND DEVELOPMENT & ECO-BEAUTIFICATION

RESTORE WATER BODIES • CREATE COMMUNITY ECO-SPACES

Prathvi can assist corporates in developing and beautifying ponds as part of environmental CSR initiatives.

Possible Scope

- Pond-area plantation
- Native trees & shrubs
- Green buffer zones
- Grass development
- Flowering plants
- Pathway greenery
- Community seating zones
- Herbal / biodiversity zones
- Peripheral landscaping
- Plantation protection
- Beautification & maintenance

Project Pricing:
Customized after technical/site assessment.

15 BIODIVERSITY & ECO PARK

CREATE A LIVING ECOSYSTEM

A customized CSR project designed to increase biodiversity and create a sustainable natural environment.

Possible Components

- Native tree plantation
- Pollinator gardens
- Butterfly gardens
- Bird-friendly plantation
- Herbal gardens
- Native shrubs
- Ground covers
- Water-body ecosystem
- Organic vegetable garden
- Fruit garden
- Medicinal plant zone

Suitable For

Factories | Corporate Campuses | Schools | Villages | Parks | Public Spaces

Project-based pricing after site assessment.

CSR PROJECT MANAGEMENT

FROM CONCEPT TO IMPACT REPORT

1. **SITE IDENTIFICATION**
   Assess the proposed CSR location and requirements.
2. **PROJECT DESIGN**
   Prepare plantation / landscape / development plan.
3. **CSR BUDGET**
   Develop BOQ and transparent project costing.
4. **EXECUTION**
   Plantation, landscaping, infrastructure and development.
5. **MAINTENANCE**
   Ensure plant survival and project sustainability.
6. **MONITORING**
   Periodic inspection and progress documentation.
7. **CSR REPORTING**
   Provide project photographs, plantation details, quantities, maintenance records and impact documentation as agreed.

WHY PRATHVI BOTANICALS?

ONE PARTNER. COMPLETE GREEN SOLUTION.

Professional Expertise
Solutions designed around plant health, aesthetics, sustainability and long-term maintenance.

End-to-End Execution
Plants • Planters • Plantation • Landscaping • Irrigation • Maintenance • CSR Projects

Customized Solutions
Every corporate and CSR project is designed according to its location, objectives and budget.

Sustainable Approach
Focus on native plantation, biodiversity, water efficiency and long-term survival.

Scalable Projects
From a 100-tree plantation drive to multi-year park, village or campus development.

Maintenance & Monitoring
We don't just plant — we help ensure that the green investment survives and grows.

FREE CSR & GREEN SITE ASSESSMENT

LET US DEVELOP YOUR NEXT GREEN CSR PROJECT

OUR PROCESS

SITE VISIT → PROJECT CONCEPT → CSR / GREEN PLAN → BOQ & BUDGET → EXECUTION → MAINTENANCE → MONITORING & IMPACT REPORT

CORPORATE COMMERCIAL TERMS

1. All prices are indicative and subject to site survey, scope and final BOQ.
2. GST will be charged additionally as applicable.
3. Plant prices vary according to species, size, season and availability.
4. Transportation, loading/unloading and special installation requirements may be charged separately.
5. CSR project pricing depends on location, project size, materials, manpower, plantation density and maintenance period.
6. Tree plantation pricing depends on species, plant size, pit preparation, manure, tree guard, transportation, watering and maintenance.
7. Major civil, electrical, irrigation and infrastructure works will be quoted separately where applicable.
8. Project payment terms: 20% advance + milestone-based payments, unless otherwise agreed.
9. AMC billing will be as per mutually agreed work order.
10. Additional work outside the approved scope requires prior approval.
11. Final proposal will be issued after site assessment and confirmation of project requirements.
